## POPULATION BY AGE GROUPS

Final population counts of the 1966 Census are presented in this report classified by age groups. Five-year age distributions by sex are shown for provinces in Table 1, while a more condensed age classification is provided for counties and census divisions in Table 2 and for incorporated cities, towns and villages of 10,000 and over, as well as for census metropolitan areas, in Table 3. The statement below shows comparative 1961 Census figures by age groups and sex for Canada.

More detailed classifications by age and cross-classification of age by sex and marital status will be issued at later dates as part of the regular volume series of final reports of the 1966 Census. The purpose of this advance report is to make available summary totals at the earliest possible date.

Age classifications in the census are based on a definition which specifies completed years of age at last birthday. In the 1966 Census, this referred to the person's age at last birthday prior to June 1, 1966.

## POPULATION SELON LES GROUPES D'ÂGE

Le présent rapport contient les chiffres définitifs de la population répartie selon les groupes d'âge d'après le recensement de 1966. La répartition par groupe quinquennal d'âge et le sexe est donnée pour les provinces dans le tableau 1 tandis qu'un classement plus condensé selon l'âge est donné pour les comtés et les divisions de recensement dans le tableau 2 et pour les cités, villes et villages constitués de 10,000 habitants et plus, de même que pour les zones métropolitaines de recensement dans le tableau 3. L'exposé ci-dessous donne les chiffres comparatifs du recensement de 1961 par groupe d'âge et selon le sexe pour le Canada.

Des classements plus détaillés selon l'âge et un classement recoupé de l'âge selon le sexe et l'état matrimonial paraîtront plus tard dans la série régulière de volumes contenant les résultats définitifs du recensement de 1966. L'objet du présent rapport est de faire connaître les chiffres aussitôt que possible.

L'âge établi au recensement et utilisé dans les classements est le nombre d'années d'âge révolues au dernier anniversaire. Au recensement de 1966, il s'agissait de l'âge de la personne à son dernier anniversaire antérieur au 1er juin 1966.
